

Music Institute of Chicago

Summer Private Instruction Registration Form for Current Students Priority Deadline: May 15, 2022

Summer Session: June 14 – September 4, 2022

It's time to start planning for summer lessons!

We strongly recommend that students continue lessons during the summer. This continuity is essential to maintaining effective practice routines over the three-month summer period. In contrast, prolonged interruption of lessons typically results in spending much of fall semester recovering lost skills.

Summer Session Plan:

- Before registering for summer lessons students should consult with their private instructor regarding their summer teaching availability.
- Students should collaborate with their private instructor to plan a summer learning strategy: goals, lesson days, lesson times, lesson length, etc.
- If students are not certain of their complete summer schedule at this time, students may register for the weeks for which they are certain; additional lessons may always be added later in the summer.

Summer Policies:

1. Financial aid is available for summer private instruction for students currently receiving financial aid.
2. Payment is due in full at the time of registration.
3. Due to the personalized customization of each student's schedule, make-up lessons are not offered during summer session.
4. Refunds are not given in the event of missed lessons.
